

DAIRY INDUSTRY SUSTAINABILITY VISION

TO BE A LEADER IN SUSTAINABILITY ENSURING THE HEALTH AND WELL-BEING OF THE PLANET, OUR COMMUNITIES AND STAKEHOLDERS.

We believe that Dairy can take a uniquely positive role in providing solutions for the planet, the consumer, & the farmer; therefore:

GUIDING PRINCIPLES

THE DAIRY INDUSTRY IS COMMITTED TO:

- Recognizing and appreciating all members in the Value Chain from farm to table.
- Working in a unified and a collaborative way with all stakeholders consistent with the VISION.
- Taking responsibility for our environmental impacts and celebrating our positive contributions to the planet.
- Ensuring economic fairness across the value chain.
- Preserving and enhancing the Health and Wellness of all people.
- Continuous improvements and a transparent process.
